## Human Development

**Child Development**

- You can also take a **Human Development Across the Life Span** course to fulfill the Child Psychology requirement.
- You can CLEP test out of this Psych course, for detailed information contact testing@uc.edu. **A score of 55 is required.**

## Sciences

**Microbiology** (Elementary Bacteriology)

**Pathophysiology**

- Completion of the entire A&P sequence is a prerequisite to Pathophysiology at UC

**Pharmacology**

**Genetics**

## Nutrition

**Nutrition has two required content areas:** Nutrition for Health and Nutrition & Disease. At UC, this requirement is fulfilled with one course. If you satisfy the requirement elsewhere, you will likely need to take two courses.

## Statistics

- One undergraduate course in **Statistics**

*Please refer to our course equivalency chart for options to complete these requirements. Courses must be completed within the past ten years to meet the requirement.*
