- Acceptable Volunteer Clinical Faculty and acceptable practicum sites cannot be perceived to have a conflict of interest as relates to evaluation of the student. For example, acceptable Volunteer Clinical Faculty cannot be related to the student. A Volunteer Clinical Faculty who works in the same department as the student must be approved by the program director. Please note that this situation is generally discouraged. It is at the discretion of the program director which practicum sites and Volunteer Clinical Faculty are appropriate for clinical courses.

<b>Required Clinical Experiences</b>	<b>Minimum No.</b>
This table includes minimum hours. Most students will have many more times these numbers to meet the requirements for hours and competency.	
<ul style="list-style-type: none"> <li>Primary care (includes common acute and stable chronic health conditions)</li> </ul>	40
<ul style="list-style-type: none"> <li>Gynecologic care (includes preconception, contraception, adolescent, premenopausal and postmenopausal visits)</li> </ul>	80
<ul style="list-style-type: none"> <li>Antepartum Visits (includes new and return prenatal care across gestational ages)</li> </ul>	100
<ul style="list-style-type: none"> <li>Intrapartum care (includes labor assessment, labor management, and births. *includes at least 35 births)</li> </ul>	60
<ul style="list-style-type: none"> <li>Births</li> </ul>	35
<ul style="list-style-type: none"> <li>Postpartum Visits (0-7 days), up to 8 weeks postpartum and breastfeeding support</li> </ul>	50
<ul style="list-style-type: none"> <li>Newborn Care (includes newborn assessment and anticipatory guidance)</li> </ul>	30

\* Please note: Persons with Certified Professional Midwife (CPM) credential must be reviewed on an individual basis. Please consult with Clinical Site Coordinator for appropriate next steps. Persons with Licensed Midwife (LM) credential cannot serve as a preceptor.
