* For students planning to complete clinical activity in California for ANPS8028: Internship I: The California Board of Registered Nursing outlines that preceptors must be an NP, physician, psychiatrist (pending approval from the program director), or clinical psychologists. Therapists and counselors are not considered appropriate preceptors for these clinical experiences in California.

- It is acceptable to have more than 1 preceptor for each clinical course; however, a student should not have more than 2 preceptors per semester. A Minimum of three preceptors is required prior to graduation.
- A minimum of 40 hours with each preceptor is required. Students who wish to acquire additional hours (over 168 hr) during clinical 1 or 2 must obtain permission from Dr. Tyson, the program director. Additional hours may be obtained during clinical 3 with no special permission.
- At least 100 hours are required with each age group (pediatric 0-17, adult 18-61, and geriatric 62+) prior to graduation
