| NURS8088 The Professorial Role in Nursing Education | 1. Explore the roles and responsibilities of the academic nurse educator.  
2. Demonstrate leadership skills to advocate for, evaluate, and effect change.  
3. Integrate self-reflection, critical thinking, evaluation, and innovation into the academic nurse educator role.  
4. Demonstrate the application of teaching strategies, educational theories, leadership, and management principles to an academic faculty/administrative role. | • Accredited Nursing Programs in the United States.  
• Staff Development in an Accredited Hospital or Clinic (hospital or Community based) in the United States. | • PhD,  
• DNS  
• DNP,  
• MSN  
• BSN  
• Must have a valid nursing license in the state in which they are a preceptor.  
• Preceptors must have 2 years of teaching experience post MSN in a college or University or 5 years post BSN working in Staff Development or Clinical Teaching |

- Acceptable Volunteer Clinical Faculty, and acceptable practicum sites, cannot be perceived to have a conflict of interest as relates to evaluation of the student. For example, acceptable Volunteer Clinical Faculty cannot be related to the student, and may not work in the same department as the student. It is at the discretion of the program coordinator which practicum sites and Volunteer Clinical Faculty are appropriate for clinical courses.
